To the Kings most Excellent

Majesty,

The Humble Petition of James Fraser
of Limehouse in the County of Middlesex Engineer

Sheweth

That your Petitioner after considerable application and expence hath invented or found out "A new and "improved arrangement of a Flue or Flues to communicate "with the various parts of Culinary Apparatus, such as Steam "Soup [illegible]er boilers, oven or ovens, hot-plate or plates, hot-"closet or closets and stewing stove or stoves to render them "more compact and to appropriate part of the said "apparatus to effect other useful purposes" which Invention he believes will be of general benefit and advantage

That he is the true and first Inventor thereof and that the same hath not been made or used by any other person or persons whomsoever to his knowledge or belief

Your Petitioner therefore humbly prays that your Majesty will be graciously pleased to grant unto him his executors administrators and assigns your Royal Letters Patent under the Great Seal of Great Britain for the sole working "constructing, making, selling, using

and exercising of his said Invention
and all other benefit and advantage
thereof within that part of your Majestys
United Kingdom of Great Britain and
Ireland called England your dominion
of Wales and Town of Berwick upon
Tweed for the Term of Fourteen years
according to the Statute in that case
made and provided

And your Petitioner will ever
pray &c

Whitehall 20 Oct 1828

His Majesty is pleased to refer this Petition
to Mr Attorney & Mr Solicitor General to
consider thereof and report [redacted] opinion
may be properly done therein, whereupon
His Majesty's further Pleasure will be declared

Robt Peel
